WEB APPLICATIONS KNOWN COUNTRIES IN SOUTHEAST ASIA USING
Macromedia Dreamweaver MX

SARAH KUSUMAHWATI RINA. 30402273.

Abstract:
Know Your Website Creation Countries in South-East Asia Region, aims to introduce the
States in Southeast Asia to the students Elementary and Secondary Schools.
In the manufacture, use Macromedia Dreamweaver MX starting from stage to determine the
structure of navigation, design Output page, exporting to html page, providing links on each
web page, creation and insertion of animation, the management of the site pages, and how to
upload to the web server. With the added animation on every page of the website, making the
display more attractive.
