Keyword : attendance applications, the assessment officer

Abstract:

In the scope of the accuracy of start or end of working hours is essential in a company. For companies that use the attendance system. A good attendance system is able to record the presence or absence of the employees in detail. With the above reasons the application is made to provide accurate and detailed reports on PT. Swadharma Griyasatya. And of the complete report is expected to help companies, especially the personnel to provide assessments for their employees.
