COMPUTERIZED SYSTEM RENTAL STORES IN PT CIPTA MULYA PERSADA

Yuniarto Prabandoro, 30493620, Ir. Irfan

Abstract:
Given the system design can be done recording rental, repair data does not need to look for or correcting one by one, but enough to call a program that became a key or that we want to fix using the computer as a tool, and for making these reports can also be done using printing facility that is the printer equipment.
