Keywords: Presentation Information

Abstract:

Internet as information resources that reach the entire world is information on current developments. Such information can be presented through the web, and this web can be more interesting if there is animation or design with a more lively appearance.

PMR Pusparaja SMU Negeri 1 Ciputat in providing knowledge about the absurdly rosy and health to the community and build relationships between fellow members of the PMR in SMU Negeri 1 PMR Ciputat and members of other schools, hence made an interesting website with animation and display design more life.
