MAKING E-COMMERCE ON THE WEB BUANA TOURS & TRAVEL THROUGH THE USE OF ACTIVE SERVER PAGES

Fitrahny Saru, 10497213, Eko Hadiyanto, SSi, MMSI

Abstract:
Trade via internet, or better known by the term e-commerce, lately been increasingly rife with bermunculnya companies offering goods and services on the web site online. Therefore, the author will discuss about creating a web-based server by using Active Server Pages (ASP) at a travel agency Buana Tours & Travel. ASP allows developers to work on the process server.
