Abstract:

DKI Jakarta is the capital of the republic of Indonesia, but as the nation's capital Jakarta, is known not only as a center of government, but also a shopping and business center.

But besides the central government, entertainment, shopping and business, DKI Jakarta, actually has the potential to become one of the tourist centers in the country, because adequate number of tourist attractions in Jakarta who deserve to be offered to domestic tourists and foreign tourists.

Problems will arise if the attractions did not know by domestic and foreign tourists who want to come to Jakarta to see the tourist objects in Jakarta. Problem-solving as a writer trying to implement RoboHelp HTML in the manufacture of tourism homepages of DKI Jakarta, which has helped the tourists to get some important information regarding the objects sights in Jakarta, the following description of the tourist objects.
