Keywords: Administration System, dBASE III Plus

Abstract:

In every activity has a system, as well as new students at SMU Sapta Charisma has a system that is new admissions system. When school was recently founded, a new admissions system using manualisasi system but in recent years has been replaced with a new admissions system that uses a computerized system.

The advantages of using a computerized system is a computerized system has accurate results or outputs with inputs, then using a computerized system is likely to make errors that occur while recording activity is smaller than the manual system.
