ABSTRACT

The settled condition of happy family order as is taught by syariat Islam and understood by moslems in Indonesia disturbed by gender issues that brought from the West. With the jargon of struggle for woman dignity, the activists of gender question Islamic texts that trespass the principle of equivalence and justice gender they fight for. Among the gender issues in the domestic scope that they take as problems are; leadership of man in domestic live, polygamy, inheritance, permission to get out from house, getting guest, right of giving suck child, right of becoming a marriage guardian, right of divorce and performing optional fasting. This paper discusses those issues in an academic way.

Keywords: *Happiness, family, gender, leadership, polygamy.*
