2.2 Frame effectiveness of the norm of the Minister of Agricultural and Spatial Planning / Head of National Land Agency of the Republic of Indonesia Number 10 Of 2017 concerning internships in Semarang City

Role to land for various purposes will increase, both as a place for living or for business activities. Segubungan with it will increase the need for support in the form of legal certainty in the field of land. Legal certainty in the field of land, can be reached through land registration as a process that ends with the issuance of the certificate on behalf of the owner as proof of ownership or control rights. This is confirmed in Article 19 of the BAL which states that the registration of land held by the Government, in this case the National Land Agency. Registration of land regulated by Government Regulation No. 10 of 1961 on Land Registration.

Government Regulation No. 24 of 1997 still lay the basis for implementing the BAL in running the administration of land registration is required both by public officials and private parties in the field of land registration.

Soil is a very complex because it involves many aspects of community life. Everyone lives in need of land, whether for residence or place of business. Increasing population, increasing the need on the ground, whereas the area of the State is fixed or limited. Many enthusiasts profession Land Deed Official (PPAT) much in demand, because the land is considered as a long term investment. Investment land is considered very profitable because the land value more years getting bounced.

Requirements to become a candidate Land Deed Official, is one of them for an internship. Implementation of this internship, it is set in the Minister of Agrarian and Spatial Planning / Head of National Land Agency of the Republic of Indonesia Number 20 Of 2018 on Procedures for Examination, Internship, Rapture, Rapture Back and Extension of Tenure of Land Deed Officer.

Effective word comes from the English that is effective that have meaning successful or something done. Effectiveness is always associated with the relationship between the expected results with actual results. Effectiveness means "effective" influence / effect, or efficacy / efficacy. In other words, the effectiveness shows how far the achievement of results in accordance with its intended purpose.

According to the Law Republic Indonesia Number 13 of 2003 on Labor, apprenticeship is part of sisttem job training that integrates training at a training institute to work directly under the guidance and supervision of an instructor or workers / laborers who are more experienced, in the production process goods / services in the enterprise, in order to master a certain skill or trade. According Sumardiono, an internship is a learning process of a person's real-world experts through activities. Implementation of the internship in accordance with the Regulation of the Minister of Agrarian and Spatial Planning / Head of National Land Agency of the Republic of Indonesia Number 10 Of 2017 has the goal of Quality Improvement, namely:

Improving the quality of the person who has passed the notary education, and will follow the test or before being appointed as PPAT

• Improved quality for someone who has served as PPAT in a certain time
• Improved a lot of quality for the sub-district head who will be appointed as temporary PPAT.

Profession Land Deed Official (PPAT) is an important position in the administration of land in Indonesia. To run PPAT profession, the need for the precautionary principle as the executor of land registration. Then the Ministry of Agricultural and Spatial Planning / National Land Agency Republic of Indonesia issued a regulation on the Procedure for Examination, Internship, appointment and tenure PPAT. The regulation aims to improve the quality, the principle of prudence in carrying out his position and increase integrity in melaaksanakan serta functions and responsibilities in carrying the role of land registration activities.

Implementation of an internship at the Land Office of Semarang, run ineffectively because the implementation is in conformity with Regulation of the Minister of Agrarian and Tata Ruang / Head of National Land Agency of the Republic of Indonesia Number 20 of 2018. When he wants megetahui extent to which the effectiveness of the law, first measure the extent where the rule of law was obeyed or not obeyed, if the rule of law adhered to by a large part of the target which was subjected ketaatanya, the rule of law in question is effective in the implementation of internship candidates PPAT in the Land Office of Semarang not adaanya violations / or no compatibility between the rules determined by the legal rules regarding the implementation of the internship in the office petanahan with the reality in practice, namely:

Implementation of the internship is in conformity with Article 19 paragraph (1), namely:

- Helping poses activities and land services;
- The process of admission and examination certificates listed; and
- The inspection process juridical request Land Rights.

The filtration systems division is considered very good for prospective PPAT. Intended for prospective PPAT gain broad knowledge, not only on one part only

2.3 Barriers to implementation of the internship based on Regulation of the Minister of Agrarian and Spatial Planning / Head of National Land Agency of the Republic of Indonesia Number 20 of 2018 on the Land Office of Semarang

In an activity certainly there is also an obstacle. Thus the process of apprenticeship in the National Land Agency of Semarang. One problem is

- The absence of a system change of placement between the Land Office at Home Land Services.
  At home land services at a value less gain sufficient knowledge, since the scope of his work less in comparison with the Land Office.
- Implementation of an internship at the Land Office, the lack of supervision of the Land Office.

In the implementation of the internship at the Land Office, the lack of oversight specifically on PPAT candidates who are undergoing apprenticeship. Once a potential PPAT devisinya placed on each side of the Land Office, the
absence of control on prospective PPAT. Land Office only see from the list of presence, to be able to issue a certificate of apprenticeship.

3. Closing
