KATA PENGANTAR

Produk Domestik Regional Bruto (PDRB) Provinsi Menurut Pengeluaran 2010-2014 merupakan publikasi tahunan yang menyajikan data tentang perkembangan PDRB provinsi di seluruh Indonesia dari tahun 2010 sampai dengan 2014. Publikasi ini merupakan terbitan perdana sejak adanya perubahan tahun dasar dari tahun 2000 menjadi 2010.

Data yang disajikan dalam publikasi ini meliputi data PDRB menurut komponen pengeluaran, baik atas dasar harga berlaku maupun atas dasar harga konstan 2010 serta beberapa tabel turunannya. Komponen dan sub komponen yang disajikan telah mengalami perubahan, menyesuaikan konsep *System of National Accounts (SNA) 2008* yang telah direkomendasikan oleh *United Nations (UN)*.

Penghitungan PDRB menurut pengeluaran di masing-masing provinsi, pada umumnya masih menghadapi kendala, terutama keterbatasan data dan informasi yang dibutuhkan. Namun demikian, upaya untuk mengatasi kendala-kendala tersebut terus dilakukan, agar memperoleh hasil penghitungan PDRB yang lebih baik.

Apresiasi dan terima kasih disampaikan kepada semua pihak yang telah berperan langsung maupun tidak langsung dalam pengumpulan dan pengolahan data, sehingga memungkinkan terbitnya publikasi ini.

Saran dan masukan sangat kami harapkan demi perbaikan dan penyempurnaan publikasi ini di masa mendatang. Semoga publikasi ini bermanfaat bagi para pengguna data.

PREFACE

Gross Regional Domestic Product (GRDP) of Provinces in Indonesia by Expenditure 2010-2014 is an annual publication which presents economic growth of provinces in Indonesia from 2010 until 2014. This is the first publication of GRDP since the change of base year from 2000 to 2010.

The publication contains main tables on GRDP by expenditure by Provinces at current market prices and 2010 constant market prices for the years 2010 to 2014 and their derived tables. Components and sub-components presented have changed due to the adoption of System of National Accounts (SNA) 2008 concept, which had been recommended by the United Nations (UN).

Many efforts have been done in order to obtain better estimation of GRDP by expenditure amidst the challenge of inadequate availability of data and information at provincial level.

To all parties who have involved in the preparation of this publication, I would like to express my high appreciation and gratitude.

Comments and suggestions to improve the contents of the publication are always welcome. I hope this publication is useful for data users.
