## Kata Pengantar

Publikasi Produk Domestik Regional Bruto (PDRB) Kabupaten/Kota di Indonesia Tahun 2003–2007 merupakan lanjutan dari publikasi yang sama tahun-tahun sebelumnya.

Karena keterbatasan tempat, publikasi ini hanya menyajikan angka total PDRB tahun 2003-2007 menurut kabupaten/kota atas dasar harga berlaku dan atas dasar harga konstan 2000. Rincian PDRB menurut sektor masing-masing kabupaten/kota dapat diperoleh di BPS Pusat atau BPS masing-masing Kabupaten/Kota. Dalam publikasi ini disajikan juga tabel-tabel turunan yang berisi laju pertumbuhan, PDRB per kapita dan distribusi spasial antar kabupaten/kota.

Penghitungan PDRB di masing-masing Kabupaten/Kota umumnya masih menghadapi kendala mengenai ketersediaan data dasar. Oleh karena itu, selain upaya penyempurnaan yang terus dilakukan, diharapkan pula dukungan kerjasama yang baik dari produsen penyedia data dasar.

Kepada semua pihak yang telah berperan langsung maupun tidak langsung dalam menyusun publikasi ini diucapkan terima kasih. Saran perbaikan selalu diharapkan untuk penyempurnaan isi dan format publikasi selanjutnya.

Kami berharap publikasi ini bermanfaat bagi para pengguna.

## **Preface**

*The publication on Gross Regional Domestic Product (GRDP) Regencies/Municipalities in Indonesia 2003-2007 is series of similar publication in previous years.*

*For the simplicity, this publication presents only total GRDP for the 2003-2007 series by regencies/municipalities based on market current and 2000 constant prices. GRDP by sector for each regencies/municipalities is available from BPS-Statistics Indonesia or BPS regional offices. This publication also includes tables, which derived from GRDP such as growth rate, per capita GRDP and spatially distribution among region.*

*The estimation of GRDP is still influenced by the limitation of available data. Serious efforts are still being done in terms of data collection in order to obtain better results in future.*

*We thank to all institutions or parties, who have already participated directly or indirectly in the construction of publication. In this regard, comments and suggestions are always welcome for the improvement of future publications.*

*We hope this publication will be useful for all users.*
