Abstract. In the strategic program to strengthen the management of village-owned enterprises, the following steps are needed: the joint BUM Desa/BUM Desa data collection should be carried out by the Ministry based on the BUM Desa/BUM Desa registration data in the village information system. The data collection should at least include information on the following aspects: institutional, management, BUM Desa/BUM Desa together and/or BUM Desa/BUM Desa business units, cooperation or partnership, assets and capital, administration, financial reports, accountability, and advantages for the village and its community. The results of the data collection serve as the basis for the evaluation, guidance and development of BUM Desa/BUM Desa together. BUM Desa/BUM Desa jointly participate in data collection through the village information system. Provisions are made on administrative formats, financial reports, and accountability. The development of BUM Desa/BUMDesa Bersama is carried out through the following strategies: institutional revitalization; improving the quality of management, administrative management, reporting and accountability; and strengthening the organization, management, cooperation and partnerships, asset management and capita, management of profits, and benefits for the village and its community.

Keywords: strategy, strengthening, management, BUMDes

1. INTRODUCTION

In the program to strengthen the management of Village-Owned Enterprises, the following steps are needed: 1. The joint BUM Desa/BUM Desa data collection is carried out by the Ministry based on the BUM Desa/BUM Desa registration data together in the Village Information System.

2. At a minimum, data collection includes:

a. institutional aspects;

b. management aspects;

c. Business aspects of BUM Desa/BUM Desa together and/or Business Unit BUM Desa/BUM Desa together;

d. aspects of cooperation or partnership;

e. aspects of assets and capital;

f. aspects of administration, financial reporting, and accountability; and

g. aspects of advantages and benefits for the Village and the Village community.

h. The results of the data collection become the basis for the evaluation, guidance, and development of BUM Desa/BUM Desa together.

i. BUM Desa/BUM Desa jointly participate in data collection through the Village Information System.

j. Provisions regarding administrative formats, financial reports, and accountability [8].

Data updating of BUM Desa/BUM Desa together is carried out in the event that there is a notification of changes to the Articles of Association, reporting on termination of business activities or reporting on the operation of business activities [11].

Notification of changes to the Articles of Association of BUM Desa/BUM Desa include:

1. name;

2. domicile;

3. the aims and objectives of the establishment;

4. capital;

5. type of business in the field of economy and/or public services;

6. name and number of advisors, operational implementers, and supervisors;

7. rights, obligations, duties, responsibilities and authorities as well as procedures for the appointment, replacement, and dismissal of advisors, operational implementers, and/or supervisors; and

8. basic provisions for the use and distribution and/or implementation and utilization of business results [1].
Amendments to the Articles of Association of BUM Desa/BUM Desa are contained in a Village Regulation or Joint Regulation of the Village Head.

The procedure for amending the Articles of Association of Village-Owned Enterprises is as follows:

1. In the event that the change of name and place of domicile is submitted to the Minister through the Village Information System which is integrated with the administrative system of the ministry’s legal entity that carries out government affairs in the fields of law and human rights.

2. The ministry that carries out government affairs in the fields of law and human rights issues changes to the registration certificate for the BUM Desa/BUM Desa joint legal entity.

3. The form of changes to the certificate of registration of legal entities is in accordance with the provisions of the legislation [10].

Amendments to the articles of association of village-owned enterprises must be registered with the Ministry of Law and Human Rights:

1. Amendments to the Articles of Association are submitted to the Minister through the Village Information System which is integrated with the administrative system of the ministry’s legal entity that carries out government affairs in the fields of law and human rights.

2. The ministry that carries out government affairs in the fields of law and human rights issues a letter of acceptance of the notification of changes to the Articles of Association of the BUM Desa/BUM Desa together.

3. The form of the notification receipt letter is in accordance with the provisions of the legislation [2].

Reports on the termination of Village-Owned Enterprises activities are as follows:

1. Reporting the termination of BUM Desa/BUM Desa business activities together. Changes are reported to the Minister through the Village Information System.

2. The report on the termination of business activities is carried out by the village head.

   a. The report on the termination of business activities contains:

   b. settlement of all obligations; and
c. distribution of assets or assets resulting from the termination of the Village BUM/Village BUM Business activities together to the capital participants [5].

Reports on the operation of Village Owned Enterprises are as follows:

1. Reporting on the operational activities of BUM Desa/BUM Desa together is reported to the Minister through the Village Information System.

2. The operation of joint BUM Desa/BUM Desa business activities is carried out through:
   a. new equity participation;
   b. organization of BUM Desa/BUM Desa together;
   c. establishment of new business; and
   d. other actions in accordance with the provisions of the legislation.

3. The operation of the joint BUM Desa/BUM Desa as referred to in paragraph (1) shall be stipulated by a Village Regulation or a Joint Regulation of the Village Head regarding the Operation of BUM Desa/BUM Desa together which contains amendments to the Articles of Association [9].

2. METHODOLOGY/ MATERIALS

Methods In conducting the research, the authors use doctrinal research methods, namely research that provides systematic exposure to regulations governing certain legal categories, analyzes the relationship between regulations, explains areas that experience obstacles and even predict future developments [7].

Sources of legal imaterials used in this study includes primary legal materials, secondary legal materials land tertiary legal imaterials. Primary legal materials include statutory regulations. Secondary legal materials include related literature in the form of books, scientific journals, articles in the news, and articles on the internet. As well as tertiary legal materials which include legal dictionaries. (Ibid)

The author uses a deductive analysis method, namely an analytical method that analyzes legal sources, namely legislation and related literature as a general matter, then draws specific conclusions which are then discussed, compiled, described, interpreted and studied the problem to get an overview of the level of synchronization. from all legal materials and draw conclusions as an effort to solve problems. (Ibid)
3. RESULTS AND DISCUSSIONS
